

PUBLICATION SUPPORT FOR AUTHOR ARTICLE PROCESSING CHARGES (APCs)

Selected UT Southwestern Library journal subscriptions provide discounted Article Processing Charges (APCs) for authors. Publishers use discounted APCs to encourage open access (OA) publishing.

Publishers do not apply discounts automatically. The corresponding UT Southwestern author should inform the publisher of the Library benefit when submitting articles.

This list is as comprehensive as possible. As we learn about additional APC discounts, we will continue to update this list.

Journal	Publisher	Discount information
Various	ACS Publications (American Chemical Society)	https://pubs.acs.org/page/4authors/authorchoice/index.html <i>[The Library's All Publications ACS subscription guarantees an APC discount for UTSW authors. Additionally, individual ACS members are eligible for discounts as well.]</i>
BMJ Case Reports	BMJ	http://casereports.bmj.com/pages/fellowships/ <i>[This is not an open access program. A benefit of the Library's subscription is cost avoidance for author submission of case reports.]</i>
Endocrine-Related Cancer, European Journal of Endocrinology, Journal of Endocrinology, Journal of Molecular Endocrinology, Reproduction	Bioscientifica/ Society for Endocrinology	<i>[The Library's subscriptions guarantee an APC discount for UTSW authors. Check each individual journal's 'publication charges' page for specific discounts.]</i> ERC: https://erc.bioscientifica.com/page/charges/publication-charges EJE: https://eje.bioscientifica.com/page/charges/publication-charges JE: https://joe.bioscientifica.com/page/charges/publication-charges JME: https://jme.bioscientifica.com/page/charges/publication-charges R: https://rep.bioscientifica.com/page/charges/publication-charges
